Gary Morris: Unfortunately the golf tournament was not as large as last year with only 12 teams this year. We did make a profit of \$2100 this year. Other wise the golf tournament went very well. Lots of donations were collected.

Due to the water drainage problems the small field can't be completed until the water problem is cleared up. Dan suggested having the small field area trenched and refilled. Kurt's son is available to take care of this if we rent the equipment. Angie Mahon made a motion to rent the equipment and have the work completed and Gary Morris seconded the motion. The tractor needs a new clutch. Motion made by Gary Morris to have the tractor repaired and seconded by Dan Randolph.

Only 7 St. Joe coaches attended. Prior to setting up future signup dates for all sports we need to check and make sure that there are no conflicts with church activities. At the last soccer meeting it was discussed that parochial soccer and volleyball could possibly be scheduled both on Saturday creating conflicts. There was discussion on the mold problem in the gym ceiling. This problem needs to be addressed.
- Kathy Harris: No Report
- Doug Romano: per Gary Morris for Doug- The field managers are currently in charge of calling a game due to bad weather.
